## Monthly trend & expense structure

### Monthly trend — Revenue, Gross, EBIT, Net

### Expense structure — total over period

## Notes

**Methodology.** Cash-basis Profit & Loss derived from a single bank account statement. Internal transfers between own accounts (same INN) are excluded. VAT is extracted from the payment purpose string «В т.ч. НДС N% xxx» where present; otherwise it is computed from the rule-defined rate.

**Limitations.** Bank cash flow  $\neq$  accrual revenue / expense. Receivables and payables (e.g. unpaid invoices) are not visible. Inventory movement is not captured. Salaries shown net of personal income tax; payroll taxes (NDFL + social) flow through the ФНС / ОФП lines.
